

How To Use the Blink Charging App

This How To document details the steps to use the Blink Charging App.

Note: If you experience any issues following these steps, please contact NOVA Parking Customer Support at parking@nvcc.edu.

1. Download the Blink Charging App using the following QR codes:

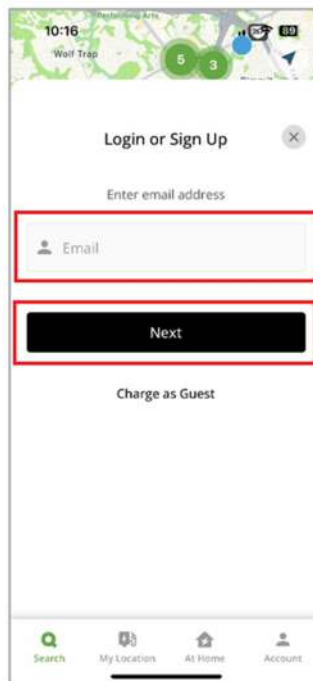

Apple (iOS)

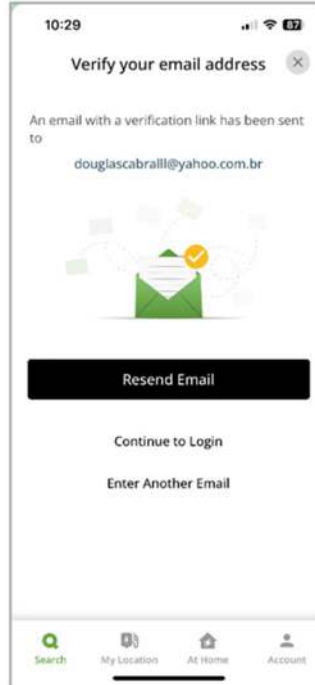

Play Store (Android)

2. If you do not already have an account, you can sign up for one by entering your email address and pressing **Next**.

3. Verify the email sent to your email Inbox.

4. After selecting the confirmation link, press **Click here to proceed**.

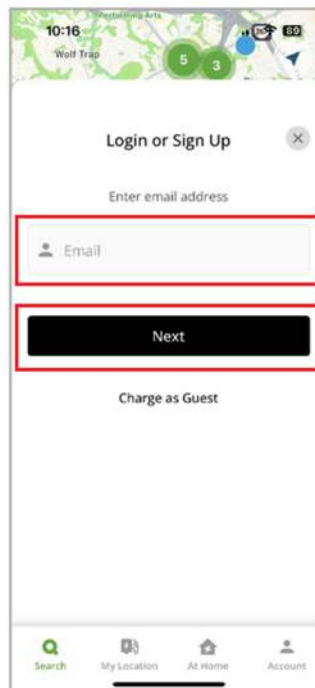

5. Enter and confirm a new password for the account and then press **Submit**.

6. Return to the Blink Charging App. Enter your email address and then press **Next**.

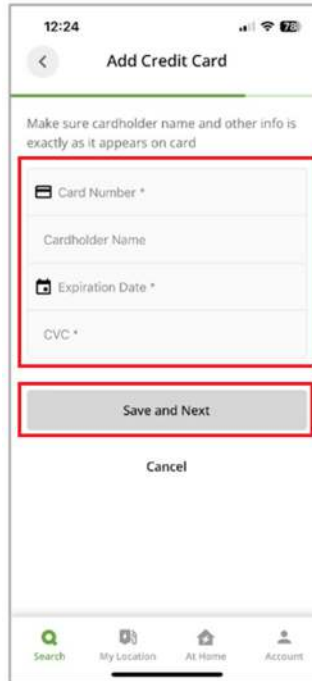

7. Enter your personal information and then press **Save and Next**.

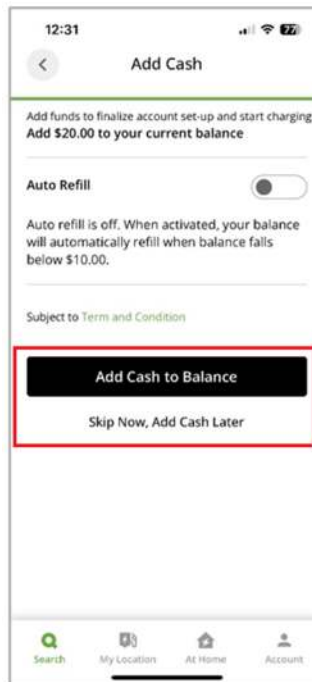

8. Enter your billing country information and then press **Save and Next**. Enter your billing address information and then press **Save and Next**.

9. Enter your credit card information and then press **Save and Next**. This is required in case there are any fees for exceeding the free charging period.

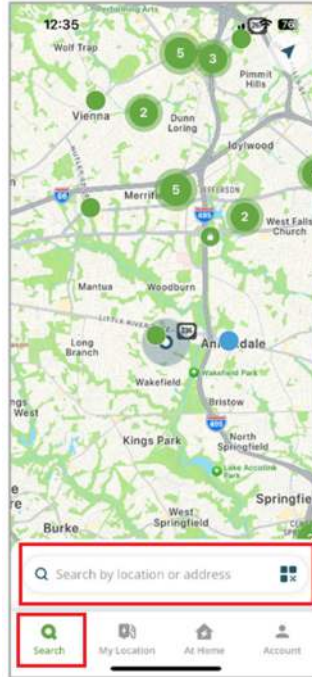

10. Press **Add Cash to Balance** to add cash to the account or press **Skip Now, Add Cash Later** to finish the setup.

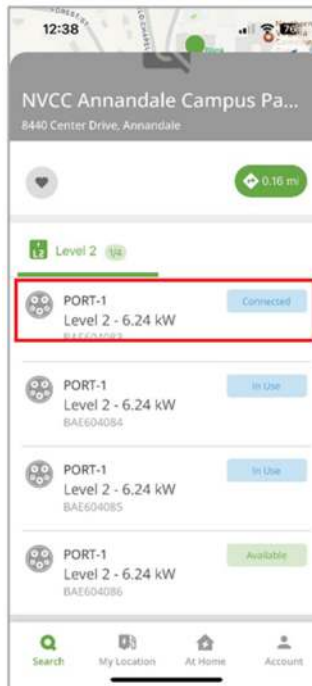

11. Search on the map for chargers or enter an address on the search bar.

12. After selecting a location, select the respective charger you are going to use by matching with the serial number on the charger.

13. If everything checks out, plug in your vehicle and then press **Start charge**.
